End Notes

1- 'Pre-paid' refers to subscribers who do not have a contract and who pay for services via 'top-up' facilities

2- 'Post-paid' refers to subscribers that have a contract and who are billed by their operator on a regular basis

3- "Special Corporate' means an undertaking that has negotiated a bespoke tariff or discount for roaming that is not available to individual customers (i.e. distinct from post-pay or pre-pay consumer tariffs). Tariffs that have bespoke rates for domestic services but not for roaming, are not 'special corporate' for these purposes. Revenue and volume data for special corporate roaming tariffs should not be included

In voice, SMS or data figures, at the retail level.

4. "Enabled roaming subscriber" means an active SIM card including MZM that is able to use roaming services while abroad with no need for any action prior to travelling abroad

5. "Eurotarff" means volume or revenue data in relation to the Eurotarff only. To count as a "Eurotarff", the tariff must comply with all relevant aspects of the Regulation, including the price caps and regulated billing units

- Europain Means and Middelaily sold regulated sns message provided for in Article 10 of the Regulation 7 - Europainff SMS' means any individually sold regulated sns message provided for in Article 10 of the Regulation 8 - Actual minutes' means the number of minutes used for the duration of a call

9- Billed minutes: means the number of minutes billed for a particular call (i.e. rounded-up minutes), Please note that Regulation (EC) No 531/2012 stipulates that every home provider shall charge its roaming customers for the provision of any regulated roaming call to which a Eurotariff applies, whether made or received, on a per second basis. However, the home 10- Non-Eurotariff excluding bundles' means volume or revenue data in relation to all roaming tariffs excluding that reported under the Eurotariff and bundles and for which operator could split revenues between the services

12. Non-zonorial resolution bundles means volume or revenue data in relation to all ractioning or an internation to obtain a relation to all racting man is extended in the control of an internation to all racting man is extended in the control of an internation to all racting man is extended in the control of an internation to all racting man is extended in the control of an internation to all racting man is extended in the control of an internation to all racting man is extended in the control of a revenue shall be a re

14- Split of Group/Non-group for Rest of World not required

16- Prepaid and Postpaid excluding special corporate (as defined in end note 3)

16- With regards to what constitutes EU/EEA Roaming and what constitutes Rest of World Roaming please consult the following two rules:

(I) Calls made by a roaming customer are EU/EEA calls if and only if they originate and terminate in EU/EEA

(II) Calls received by a roaming customer are EU/EEA calls if they terminate in EU/EEA, wherever they originate

17 - Traffic within the specification model shall not include value added services. This is valid for retail and wholesale voice, SMS and other data (MMS, internet, etc) roaming communications

18 - Prepaid and Postpaid - calls received - actual minutes: Please do not include any minutes with regard to Roaming Regulation Art 8 (2): minutes which are generated for the receipt of a roaming voicemail message (they have to be free of charge)

19-Retail revenues for bundles include all revenues from bundles include all revenues from bundles include all revenues from bundles including at least two roaming services. (Volumes from bundles including domestic and roaming services per example)

20- "Wholesale resale access" According to Article 3 MVNOs, MVNEs and resellers have access to wholesale roaming charges laid down in Articles 7, 9 and 12
