### 1. ANNUAL REPORT AND ACCOUNTS 2021

Please, attach to this questionnaire your company's Annual Report and Accounts relative to your activity in Portugal in 2021.

If your company does not publish the Annual Report relative to its activity in Portugal, you may alternatively attach an equivalent official document with the accounts of 2021 (e.g. a copy of the Portuguese Annual Statement IES (Simplified Business Information)).

### 2. OTHER INFORMATION

2.1. Please, fill in all the indicators in the following table. If, for a certain indicator, the data was "zero", please indicate "0":

		Annual Accounts for Portuguese Markets - Year 2021	Data (Euros)
O T H E R  I N D	1	Total annual investment	
	2	Electronic communications investment <sup>1)</sup>	
	3	Revenues from electronic communications service provision <sup>2)</sup>	
	4	EC revenues from transactions between companies of the same group <sup>3)</sup>	
	5	Research and Development (R&D) expenditure	
	6	Advertising costs	
	7	Number of total employed persons (average annual number) <sup>4)</sup>

	7.2	Number of research and development (R&D) staff (average annual number)	
	8	Number of total employed persons on 31 December	

<sup>1)</sup> Corresponds to the total value of the investments made in the electronic communications activity (networks and services). Includes investments made, at technical costs, in tangible and intangible assets and advances to suppliers of fixed assets. The amounts refer exclusively to the investment made in the electronic communications activity.

<sup>2)</sup> Revenues must be calculated prior to the application of the VAT and shall not include the sale of terminal equipment or revenues from other activities other than the provision of electronic communications networks and services, nor revenues from dealings between companies of the same group.

<sup>3)</sup> It should include the revenues of electronic communications from transactions between companies of the same group. This value is not included in the previous indicator "2.Revenues from electronic communications service provision".

<sup>4)</sup> It should include the average annual number of employees of the company, relative to the whole range of activities provided by the company and its support areas (eg. financial, administrative). It should also include staff working for the company without remuneration (eg. partner). It should not include staff whose remuneration is earned from another entity.

<sup>5)</sup> Average annual number of employees of the company assigned to its telecommunications activity, including the provision of telecommunications services and the support areas (eg financial, administrative). Staff should be expressed in full-time equivalents. Part-time staff should be included in full-time equivalents. The conversion should be carried out on the basis of the number of hours, days, weeks or months worked.

**2.2.** Please also fill in the following table with the indicators which are not individually in the official document requested in Question 1 (Annual Report and Accounts relative to your activity in Portugal or Portuguese Annual Statement IES). If, for a certain cell, the data was "zero", please indicate "0" in that same cell:
